SUBJECT: Proposed Administrative Instruction No. [REDACTED]  
Subject: Quarterly Allowances - Loss or Destruction of  
Expendable Supplies - Supply Accounts

## OGC HAS REVIEWED.

1. Hypothesis: A is short \$12.00 and quarterly allowance is \$10.00.

Query: On basis of present wording in Survey Report filled out for \$12.00, or may the Supply Officer use his credit of \$10.00, thereby reducing the amount to \$2.00?

2. Believe the concurrences to the proposed instruction should be informal and not by the members as members.

3. Should not the routing be Chief, I&S, to Exec for A&M, and then concurrences of interested individuals?
